

Pedro Javier Torres López

PhD Candidate, Social Policy · London School of Economics

✉ p.torres-lopez@lse.ac.uk · [in](#) LinkedIn · [GitHub](#) · [📍](#) London, UK

Research Interests

Inequality measurement · Intergenerational mobility · Income distribution in data-scarce settings · Causal inference · Applied econometrics · Computational social science

Education

PhD in Social Policy

London School of Economics

2023 – 2027 (*expected*)

London, UK

- **Thesis:** *Data Driven Solutions for Inequality Analysis in Data Scarce Settings*
- **Supervisors:** Stephen Jenkins and Francisco Ferreira

MSc Applied Social Data Science

London School of Economics

2022 – 2023

London, UK

- **Dissertation:** *From Rags to Riches? The Impact of Education Reform on Intergenerational Social Mobility in Mexico*

BSc Economics

Universidad Iberoamericana

2016 – 2020

Mexico City, Mexico

- **Thesis:** *Wage Gaps due to Indigenous Self-identification and Linguistic Traits in Mexico*

Peer-Reviewed Publications

- Plassot, T., Soloaga, I. & **Torres López, P.J.**. “Inequality of Opportunity in Mexico and its Regions: A Data-Driven Approach.” *The Journal of Development Studies*, 2022.
- Arceo-Gómez, E. & **Torres López, P.J.**. “Brechas salariales por autoidentificación indígena y rasgos lingüísticos en México.” *Sobre México. Temas de Economía*, 2021.

Working Papers

- **Torres López, P.J.**, Monroy-Gómez-Franco, L. & Vélez, R.. “Survey to Survey Imputation when External Covariates Matter: Estimating Inequality of Opportunity in Mexico.” *CEEY Documentos de Trabajo*, 2025.
- Aguilar, S., Arceo-Gómez, E., de la Cruz, E. & **Torres López, P.J.**. “Follow the Leader? Public Health Messaging and Containment of Mobility During a Pandemic.” *UNDP LAC Working Paper Series*, 2022.

Work in Progress

- Woo-Mora, L.G. & **Torres López, P.J.**. “New Echoes of Deep Mexico? Indigenous Identity and Its Enduring Imprints.”

Academic Experience

Research

Research Analyst

International Inequalities Institute, LSE

2022 – present

London, UK

- Design and implement econometric pipelines for Inequality of Opportunity analysis across multiple countries and survey datasets.
- Build and maintain the GEOM database and public-facing web platform, covering data ingestion, cleaning, version control, and deployment.
- Contribute to collaborative research outputs used by academics, NGOs, and international policy institutions.

External Research Consultant

Centro de Estudios Espinosa Yglesias (CEEY)

2023 – present

Mexico City, Mexico

- Develop novel quantile-adjustment methodology for income distribution reconstruction across household surveys with incompatible designs.
- Produce working papers and policy reports on intergenerational inequality and social mobility in Mexico.

Teaching

Graduate Teaching Assistant

London School of Economics

2023 – present

London, UK

- *Inequality and Poverty Measurement* (EC210) — seminar leader, problem set design, and student assessment.
- *Causal Inference* (MY457) — problem set design, student assessment, and office hours.

Industry Experience

Financial and Operational Risk Analyst

Banco de México

2020 – 2022

Mexico City, Mexico

- Automated risk reporting workflows and produced performance dashboards for the Long-Term Reserve investment portfolio.
- Managed the Fund's external communication strategy across website and social media channels.

Computational Skills

Programming: R, Python, Stata

Data & Infrastructure: SQL, Apache Spark, Git, HTML/CSS, L^AT_EX

Methods: Econometrics, Causal Inference, Machine Learning, Quantile Methods

Languages

Spanish (native) **English** (fluent) **German** (fluent)
